

Ishrat Ul Abad

Frontend Developer

PROFILE

Motivated software engineering student with a fundamental understanding of programming and web development. I enjoy creating simple websites and exploring new tools. I am seeking an internship to gain practical experience and enhance my full stack web development skills.

EXPERIENCE

Frontend Developer

- Completed a 6-week remote internship at **Developers Hub**, working on the frontend of a responsive e-commerce website using HTML, CSS, Tailwind CSS, and JavaScript.

TECHNOLOGES/TOOLS

- VS Code:** Primary code editor used for writing, editing, and managing web development projects.
- GitHub:** Used for saving code, tracking changes, and working with others on projects.
- LeetCode:** Practicing basic coding problems to improve logic and programming skills.
- AI Tools:** Familiar with AI tools like ChatGPT and Deep Seek, and skilled in using development tools for coding and collaboration.

PROJECTS

E-commerce website

- Built a responsive website using HTML, CSS, and JavaScript.

Calculator

- Using JavaScript.

Tic TAC Toe Game

- Programmed a Tic TAC Toe game in HTML, CSS and JavaScript.

Parallax Website

- Designed a Parallax scrolling website with HTML, CSS, and Tailwind CSS.

Developer Landing Page

- Built a responsive landing page using HTML, CSS, and JavaScript with a focus on layout and mobile-friendly design.
